DO.II is a furniture manufacturing and retail company that is one-stop shop for all interior solutions. With a cumulative total of over three decades of experience, it opened its first boutique store under the brand name Design Options in Lagos in 1991 specialising mostly in residential furniture and interiors.

Several years later the business moved into a 300 square metre furniture showroom, on two floors in the high brow area of Victoria Island to be closer to its target market. The Design Options brand grew to become a household name in Lagos, Nigeria.

In 2012 following a major reorganisation and rebranding, DO.II DESIGNS emerged, with a greater focus and product offering for the Corporate Market Segment.

In 2019, DO.II launched its Flagship Store The DO.II Place, a 1300m2, four-storey building strategically located at 642D Akin Adesola Street, the leading commercial high street in Victoria Island, Lagos. This Store is spacious and well lit, with home and office furniture and accessories stylishly arranged in a manner that allows the customer to visualize the product offerings in their spaces thus making the selection process easier and more pleasant.

DO.II has an extensive database of extremely loyal value-conscious customers from the middle to upper middle income bracket, who were attracted and retained based on a service culture of excellence.

A keen focus on clients' needs and great pride in providing, not just an enjoyable shopping experience, but quality assured products at affordable and competitive prices combined with uncommonly outstanding customer service, has kept DO.II as a strong brand and leader in the industry.

# The Company

At DO.II, our business and practices are built on four pillars, our Vision, Mission, Core Values and Brand Promise.

## Vision

To make your spaces come alive

## Mission

To transform lives by beautifying spaces in which people can live and work better

## Core Values

Integrity | Excellence | Customer Satisfaction | Professionalism | Passion | Discipline

## Brand Promise

We guarantee quality in every detail and excellent pre and after sales service ensuring a stress-free and seamless customer experience

| Products & Services

DO.II's furniture product line is based on cutting-edge designs that are functional , yet elegant.

Our styles of furniture continually evolve to meet modern living (contemporary and classic), rendered through unique production techniques that ensure quality and functionality. We maintain all other characteristics that retain the charm, comfort and high standard of our products.

Our pride is in our rich selection of furniture and accessories, and the ability to design and manufacture according to the customers' needs, providing them with customized pieces that fit, reflect their personality and are durable.

In addition to manufacturing and to further meet the needs of our market, we provide turnkey remodeling and project management services to our individual and corporate clients to complement our products and as a one stop shop for interior solutions.
